

In Touch

February 2014

Annual General Meeting at Lillingstone Lovell

Saturday 1st March 2014

- 2.30 – 3.15 Ringing at Leckhamstead (5,13 cwt)
- 3.30 Ringing at Lillingstone Lovell (6, 6 cwt)
- 4.30 Service
- 5.00 Tea in Church Hall
- 5.45 Annual General Meeting

Names for teas to Bernard Phillips by Sunday 23 February to 01280 860228 or bernardphillips@btinternet.com
Parking at and toilets available in the church hall.

We are aiming to get through the usual meeting very quickly so we can spend some quality time thinking about how to increase the relevance of the North Bucks Branch to all its members. We will be holding a number of breakout groups thinking about:

1). The future of branch practices. Attendance has been very patchy in the past year. Are they still relevant? If so, what can we do to make them a worthwhile experience every time? If not, what else can we do to achieve the branch aims?

2). Training and development activities. We have had the Big Ring Pull and held annual training courses targeted at learners. What else can we do? What can we do for more experienced ringers?

3). Communication within the branch. How can we use new technologies? How effective are our existing methods? Is there a need for peer-to-peer communication?

4). Social Events. The social side of the branch has been a success and is a useful way for us to connect and share. Do we want more social events alongside or outside of ringing? Any ideas for events?

As branch officers we have been thinking about all these issues and have come up with some ideas which we will share at the AGM. We're interested in your feedback, your new ideas and any offers to help us implement some of them.

If you can't attend, although we hope you can, please email any thoughts on the subjects above to officers@northbucks.org.uk.

Dates for your Diary.....

February

Sat 15 – Branch Practice – Emberton - 4.00 - 5.30pm

March

Sat 1 – AGM - Lillingstone Lovell (and Leckhampstead) - 3.30pm (see page 1)

Fri 7 – Call Changes & Plain Hunt – Calverton - 7.40 - 9.00pm

Sat 15 – Branch Practice - 10 bell Branch practice at Olney on Simulator - 4.00 - 5.30pm

April

Fri 4 – Call Changes & Plain Hunt – Chicheley - 7.40 - 9.00pm

Sat 12 – Branch Outing to Hertfordshire

May

Fri 2 – Call Changes & Plain Hunt – Sherington - 7.40 - 9.00pm

Sat 17 – Guild AGM in North Bucks - Downs Barn (see page 6)

June

Fri 6 – Call Changes & Plain Hunt – Hanslope - 7.40 - 9.00pm

July

Fri 4 – Call Changes & Plain Hunt – Shenley - 7.40 - 9.00pm

Sat 12 – Interbranch competition and joint practice (tbc)

From the Chairman.....

Hello All

Well the AGM is upon us again and this time we will be electing at least one new officer as Jonathan is leaving the country to get away from us all. I wish Jonathan and his wife all the best in their new venture.

I would also like to thank all of you that sent me your best wishes when I was in Hospital over the Christmas period.

Please do come to the AGM, we have many items to talk about and the more of you that turn out will help us arrive at the best options for the branch.

Brian

Branch DVDs to borrow.....

The branch has a number of DVDs available to loan out to members free of charge.

'Ropesight' is a collection of video tutorials providing the key steps in learning the fundamentals of change ringing. The DVD focuses on the three stages of mastering bellringing: learning bell control and achieving ropesight, becoming proficient in ringing methods, and finally, conducting your first touch. You can see clips of the DVD at www.bellringingfilm.co.uk

'Learning the Ropes' is an ITTS DVD which demonstrates the key skills in teaching a new ringer to ring from the teacher's perspective. In addition it shows the full teaching cycle for a new recruit from first holding the rope through to ringing a bell competently and safely. If you are interested in teaching people to learn to ring then this is a useful resource.

We also have a DVD made up of the clips that were used in the presentations at Downs Barn as part of the Big Ring Pull. Nick has put together clips from other ringing DVDs to make this a useful video to show members of the public what ringing is all about.

If you would like to borrow any of these videos please contact the secretary.

Deadline for next edition . . .

The deadline for contributions for the next edition of *In Touch* is **Tuesday 6th May 2014**.

Contributions to intoucheditor@northbucks.org.uk please.

Nick Read

Branch News

Jonathan Griggs – a farewell and thank you

Many of you will already know that our Branch Secretary, Jonathan Griggs, is leaving the area in April. Jonathan and Natalie are moving to Austria and will be running their own self-catering business in their traditional style Austrian chalet at Ramsau am Dachstein in the Austrian Alps. The loss of Jonathan in the Branch and to ringing in general in the area is immense. Below are some offerings from areas where he has been particularly active.

Branch Officers

Jonathan's home tower - Hanslope

The story goes that one night in 1996 two people stood outside the church at Hanslope on a practice night in order to listen to the ringing and see what it was like. Fortunately for us, they deemed the ringing OK and came up to join us; thus it was that Jonathan and his wife, Natalie, became members of Hanslope tower. As already skilled and competent ringers, they provided a welcome boost to our numbers and to the methods that we were able to ring. Although Natalie subsequently gave up ringing a few years later in order to pursue other interests, Jonathan remained and has been a stalwart member of our band who has been unstinting in giving of his time and expertise in order to further the exercise of ringing in Hanslope.

Whether it be conducting on practice nights or for quarter peals, helping on open days, organising an outing or other social event such as the tallest sunflower contest we had one year, assisting with our annual tower spring clean, or helping to get our bell restoration project off the ground; nothing was too much trouble for Jonathan who would always offer to help and then get the job done with his customary cheerful efficiency.

Alongside Roy Keeves, our tower captain, Jonathan has played a major part in the recruiting, teaching and training of learners at Hanslope. He has also helped by carrying out much of the maintenance work on Hanslope bells and at the same time passing on his knowledge to other tower members who will hopefully now be able to continue with this work.

Jonathan, the Hanslope ringers will miss you in many different ways and for many different reasons; but we wish you and Natalie well in your Alpine venture, and hope that you will come back and see us occasionally on your return visits to the UK.

Sheila Blenkhorn

The GATE Ringers

After many years without a local band at Stoke Goldington and Weston Underwood, the villagers were delighted when some nearby ringers decided to start something in the village in the summer of 2011. Jonathan has been a key member of the team, (tirelessly) giving up his Saturday mornings and then Friday evenings when regular practice continued to help teach a new band of ringers. The Gate Ringers have benefited from his infinite patience, sense of humour, and just always being encouraging and supportive as they sought to improve their ringing. With grateful thanks we wish him well in his new adventure in Austria.

GATE Ringers

The Branch

If you remember the organisation of the Big Ring Pull, the Branch's biggest success story for many years, you will almost certainly think of Jonathan Griggs. When he gamely volunteered to take on the task of project leader we don't think he, or any of us, realised what a big task it was going to be and how it would take over our lives for a year or more. The Big Ring Pull was an inspirational project, and that needed a dedicated and inspirational leader. We certainly found that in Jonathan. From the early days of outline planning, teaching the teachers, development of the three work-streams (teaching, marketing, finance), to the organisation of the Big Day, to data collection, and the teaching course, Jonathan kept everything on track. It is largely due to his skill that we ended up with 'silent' towers now ringing, a whole host of new ringers who are active, and indeed two new Branch officers from the Big Ring Pull! Mention must also be made of Natalie's input as she was responsible for the distinctive Big Ring Pull logo.

We must also say a big thank you to Jonathan for his work as *In Touch* Editor, and the last two years as Secretary, during which time he has streamlined many of our processes and encouraged us to think of new ways of running the Branch. Thank you, Jonathan, for your friendship and very able leadership; we wish you and Natalie well in your new life in Austria.

Branch Officers

Branch News contd.

Jonathan Griggs - a farewell and thank you contd.

Big Ring Pull – from a BRP recruit

Thrown into the deep end of reviving ringing at a silent tower, I've depended a lot upon Jonathan since first meeting him during the Big Ring Pull. There, he was the calm and efficient centre of operations, apparently unflappable and willing to answer any question no matter how trivial. His was the friendly face that I could be sure of seeing at any branch activity, and when Wavendon was granted the privilege of hosting the Autumn Meeting in 2012, Jonathan guided me through the arrangements, provided me with a pro-forma for the service, and kindly agreed to deliver one of the readings. Now as we face Jonathan's departure I find myself rather shame-faced to realise how much I've added to his responsibilities. And yet he never made me feel a nuisance and always spared time to be encouraging of my own ambitions in learning to ring and to run the tower at Wavendon. Although I've only known Jonathan for a short time, I will very much miss his thoughtfulness, clear thinking and quiet professionalism which I'm sure will ensure as much success in his new venture as in his running of the branch. Thank you, Jonathan, and good luck!

Patricia Rosewell, Wavendon - Big Ring Pull ringer

Many Thanks to David Phillipson

David Phillipson has decided to step down as Guild Rep this year. After such a significant contribution to the North Bucks Branch, we should recognise the work and time that our officers put into ringing. David held the Assistant Ringing Master post in 1986 and was Chairman in 1987 and 1988. More recently, David held the Guild Rep post in 2008 and 2009 and during that time developed the Ringing Development Leader role we now have, taking on the Newport Deanery in 2009. Most of us would like to think we have made a difference and an improvement. David has also done that in Olney with a fine ring of 10 thanks largely to his concerted effort and project management skills.

In earlier years, some time in the 1980's, a cricket match was arranged between North Bucks and Leighton Buzzard ringers. I don't know if anyone knew who was on which side. I think David made a few runs though.

*Doug Hird,
Branch Archivist*

St Paul's Cathedral, London

Since moving to London last September to study Law at Greenwich University I have been fortunate enough to be invited to ring for Sunday services at St Paul's Cathedral. This involves ringing for the two morning services and Evensong. The 12 bells are situated in the North West tower of the Cathedral and even though there is a spiral staircase from the base of the tower, this is not used for security purposes. This means that reaching the ringing chamber is quite a journey! The journey starts by going through a gate in some railings opposite the north side of the Cathedral (in a line of offices in St Paul's Churchyard), down some steps which then takes you through a passage way under the pavement into the Crypt, checking in at the security office and then making your way through the underground 'builders yard' to the public part of the Crypt. We then wait until everyone has assembled (approximately 14 ringers are always booked to make sure that there are always 12 to ring – extra ringers then volunteer to be stood down). The 12 ringers then go up in a modern lift to the Triforium level in the Cathedral where we walk along the south side of the Cathedral, past many artefacts etc. not on public display, to the west end. At the west end we continue across the gallery (giving a really good view down the Cathedral nave to the east end), through a room used by the Cathedral's seamstresses and then up a few steps of the spiral staircase into the ringing room.

The ringing room looks like many others apart from the fact that all 12 bells have a box to stand on due to their size, and the peal boards are not 'boards' as such, but the records of the peals rung e.g. for Winston Churchill's funeral, the Coronation of HM The Queen etc. are actually painted on to the walls of the ringing room. The windows of the ringing room also give good views across the City.

(Simon leading the ringing down of the middle six bells so the Ellacombe Chimes can be used)

Once the band has been placed, we ring 4 or 5 courses of Stedman Cinques, or a plain course of Surprise Maximus, which takes us up to five minutes before the service. The tenor is then rung as the five minute service bell.

Whilst it can be a bit intimidating ringing at St Paul's as a high standard of ringing / striking is expected at all times, I have found the ringers to be welcoming and friendly. After the two morning services at St Paul's we usually go and ring after the service at St Michael's Cornhill and occasionally, St Magnus the Martyr.

I feel very privileged to ring at St Paul's Cathedral and my thanks go to Alan Marchbank who started me on my ringing career.

*Simon Read
(Branch member of St Andrews, Great Linford)*

Branch News contd.

Branch Christmas Social & Ringing at Hanslope

The branch Christmas social and ringing was held on Saturday December 7, 2013, kindly hosted by the ringers of Hanslope church.

There was a good turn out from across the branch for over an hours' worth of ringing with something to suit all tastes and abilities.

OXFORD DIOCESAN GUILD OF CHURCH BELL RINGERS

INSURANCE COVER

The Guild Treasurer, Stuart Gibson, has recently clarified some issues relating to the Guild insurance and the Branch Officers felt it ought to be brought to the attention of members.

Please make your tower members aware of these facts.

The ringer's insurance that we all pay for out of our subs as Guild members is for personal accidents to ourselves (Group Personal Accident Insurance). It pays out if we are injured, temporarily or permanently through ringing. It also covers death.

Following the ringing, seasonal refreshments were kindly provided in a warm and welcoming church. A display was on hand giving information on Hanslope's Bell Project. Those attending were invited to make a donation towards the project and Hanslope tower thanks those who made donations totalling £34.70.

More details can be viewed on the Guild website at: http://odg.org.uk/reports/odg_insurance_definition.php

There is, however, no Public Liability component in this policy.

The Guild does have Public Liability insurance for Guild training events. Our normal practices, teaching and Service ringing are not deemed Guild events.

North Bucks made use of an extension to this policy to provide Public Liability cover when we used a mini-ring in Middleton Hall for the Big Ring Pull.

Each Church should have its own Public Liability insurance covering activities within each Church. As the Tower Captain is appointed by the Church (not the Guild) the Church has the responsibility to ensure that the activities within the Church are covered by their own Public Liability cover.

In summary, Public Liability cover for bell ringing in our Churches needs to come from the Church. This is most likely to be in place, but it might be wise to check.

*Sheila Watts, Branch Treasurer
January 2014*

**Ringing
For
England**

St. George's Day
April 23rd 2014 - 6pm

A letter from the **Ringing for England** Campaign

Dear Secretaries,

I wrote just before Christmas to again request your kind help in encouraging your towers to join in and ring out on April 23rd. We are now in our fourth year and how well so many of you have contributed to creating a growing and successful campaign for St. George's Day. The point of this letter to you is to spur you on and to help support and encourage even more ringers to take part.

As I write Burns Night is being celebrated and so it should. But on April 23rd England has a double act for it not only is St. George's Day but Shakespeare's Day and how proud we should all be of such an inheritance. It is a sad reflection on our times that a BBC Cricket correspondent when asked recently by his Australian counterpart 'How do the English celebrate their national day?' he meekly replied, for all the world to hear as it was going live, that nothing much happened and that, as a nation, we really didn't do anything in particular. So this is the key to why Ringing for England was formed.

Such is the growing interest by the general public that a PR company has most generously come forward to help broadcast the efforts made by all bell ringers to a far wider audience and engage with people of note to help spread the word. And part of this exercise is to engage and inform people in the media (eg: cricket correspondents!) that most certainly something is very definitely happening. In turn this has a knock on benefit of reminding the public how fortunate they are to have in their midst so many volunteer bell ringers who form an integral part of our communities, which, again in turn, will hopefully encourage new ringers to come forward.

The more towers that ring out the more the public will hear and the greater the campaign will become and then as night follows day we will have a truly nationwide event.

This is such a worthwhile cause with a hugely untapped groundswell of public support which will be my role to play in and inform. I will keep you all informed of progress and in return, in order to help me help you, I would very much appreciate it if I was kept up to date with what the towers hope to do on the day.

Last year more regional radio stations and regional newspapers covered the occasion than before. I am hoping with the PR company on board we can now inform a far wider nationwide audience and gain their support and goodwill.

I look forward to hearing from you.

Guild News

Guild AGM at Downs Barn Saturday May 17th

Ringing at Great Brickhill 12.30pm – 1.30pm

Ringing at Woughton 1.30pm – 2.30pm

At Downs Barn :

2.30pm Ringing
3.30pm Service
4.30pm Tea
5.15pm Meeting
7.00pm Ringing

This year the Branch is hosting the Guilds AGM in May at Downs Barn. The program for the day includes a couple of open towers in the early afternoon followed by ringing at Downs Barn before the Service. I hope the Service Touch will be rung by a band of Big Ring Pullers.

The Service which will be lead by Rev Andy Jowett of the Stantonbury Parish, will be followed by a classic Bellringers tea - lashings of tea, heaps of sandwiches and cakes!

This is very much a meeting for any member of the Guild to attend, to get an understanding of the workings of the Guild and to have a hand in electing the Officers. Importantly this year Robert Newton the Master is retiring so a new Master will be elected.

It would be quite nice if we had 10% of the membership present - which would be about 240 people, but however many come, lets have a good turnout from the hosting Branch please.

We only get chance to host the Guild AGM every 15 years, so if you want to go one without travelling, this is the meeting for you!

Alan Marchbank
Guild Deputy Master

Branch News contd.

Lest we forget.....

Whiteland, Greenland and Brownland, all sound like some places from a children's story book, but in September 1913 these were the countries mapped out on the countryside of North Bucks and South Northants. Watched by their majesties King George V and Queen Mary with Baden Powell and a young Winston Churchill also in attendance, the British Army were on manoeuvres, much to the excitement of the locals.

Fast forward to 1914 and Britain was at war, and many of 50,000 men who gathered on the fields of North Bucks were in France holding back the German advance. As the war continued into 1915 the call for young men to "join your country's army" grew stronger. Young men from across the country joined up and amongst these were bell ringers from our branch. Sadly some of these brave young volunteers were destined never again to hear the bells of North Bucks.

We have been discussing how we as a branch want to remember our fallen bell ringers. Local newspapers tell us that the bell ringers of the time rang half muffled peals or quarter peals on receipt of the sad news and it seems fitting that we remember these young men in the same way their peers did.

But first we need to complete our research, can you help? We have some names but we'd like know a little more about each these young men. For example: do family members still live in the area? What do they know about their relative? Do they have a photograph they are willing to share with us? Did any of young men complete a peal at their local tower, is that recorded on a peal board in the tower? Does their name appear on a local memorial can you take a photo and send it to us?

Please send any details you can gather to guildrep2@northbucks.org.uk.

Tower News

Loughton and Shenley Christmas Social

Twenty-two Loughton and Shenley ringers (including nine Big Ring Pullers) joined together on the 9th December at All Saints Church, Loughton for a Christmas social instead of their usual Monday evening ringing.

Fish and chips were brought in from the local chippie, together with luxurious gateaux and mince pies from a well-known wholesaler.

We started with some ringing on the church bells before supper took over, followed by a great deal of laughter while trying to ring Christmas tunes on hand bells, cleverly composed and bravely conducted by Terry Page.

Stealing Secret Santa saw us unwrapping many interesting gifts, and amazingly most of us went home with an appropriate present. It was a good opportunity for both towers to get together again, meet up with some of our guest ringers and those who have retired from ringing.

Hilary Reading

Wavendon

With the arrival in October of new Rector Matt Trendall and his family, Wavendon Tower made a new recruit in Amelie (now 11) who as the youngest member of the band is now able to ring rounds. Some useful extra ringing over a busy Christmas was only slightly complicated by heating failure and decamping of the congregation to the hall over the road, although we do still have to wear extra layers at the moment to keep off the chill. On January 4th, despite the cold, a band from Woughton rang a quarter peal of Cambridge Surprise Minor in honour of the arrival of the Trendalls while members of the Wavendon band listened in the Rectory with Matt, Alise, Amelie and her brother Isaac, everyone enjoying refreshments afterwards.

The Wavendon band has continued to make steady progress, with extra practice at Woughton helping to challenge the more expert members of the band. Our Friday practices include methods ranging from Plain Hunt to touches of Plain Bob Doubles, and we recently celebrated a Silver Wedding and 50th birthday by ringing a range of methods for a total of 45 minutes. We continue to enjoy wonderful support from Brian and the rest of the Woughton band, although we're now looking forward to perhaps being able to ring for our weddings this year with a band composed exclusively of Wavendon ringers.

Patricia Rosewell

Tower News contd.

Hanslope Tower

We held our tower Christmas meal last December at our local pub, The Globe in Hanslope, where we had a superb meal attended by all our ringers. It was also a somewhat poignant occasion as we knew it would be the last time that we would all be together before we said goodbye to two of our ringers, Richard Haseldine and Jonathan Griggs, both of whom were off to 'pastures new', and it therefore seemed appropriate to commemorate the occasion with a photograph of us all.

Back Row: Roy Keeves, Sheila Blenkhorn, Alan Cozens, Ian Thompson, Jonathan Griggs
Middle Row: Helen Dear, Lesley Belcher, Brian Berry, Nick Gray
Front Row: Richard Haseldine, Tony Gray, Dorrie Mutch

Richard and his wife Janet were moving to Ludgershall, near Bicester, where Janet was born and grew up and where some of her family still live and farm. We didn't really have time to give Richard a proper send off as, although we all knew he was leaving, his actual moving date came up rather quickly. Richard has been a ringer at Hanslope for around thirty years since he and Janet came to the village at the time of their marriage. Their children, Kevin and Sian, also learnt to ring and would often come up to join us whenever they were visiting. Richard has been an invaluable and active member of our tower, as well as a very reliable Sunday service ringer. We were always grateful for his ability to help and explain things clearly to both learners and experienced ringers alike, especially when we were learning new methods. We particularly appreciated his skills as a conductor and for his fantastic ability to put us all right when we lost our way during ringing, which we often did! We are sorry to see him go but he has told us that he plans to come over occasionally for a practice night or Sunday morning and we look forward to welcoming him back on these visits.

Our practice nights continue to be well attended and we welcome those ringers from other towers who regularly come over to join us. However, we do sometimes struggle to get a full band for our Sunday service ringing.

There has recently been an increase in the number of quarter peals arranged at Hanslope as we try to fit in a few special ones before Jonathan leaves in April. These particularly include one for each of our learners, Helen and Dorrie, both of whom wanted him to be in the band for their 'first quarters'. Richard is also coming back to conduct a quarter of Rutland at the end of March.

Sheila Blenkhorn
